

SCANNING SOLUTIONS FOR THE NEW WORLD

The working landscape has changed. It's time to empower your teams to work efficiently and effectively from any location.

DR-C225II Home office

Easy-to-use, versatile device with small footprint. Ideal for any home office.

DR-S150 Office

Compact and productive scanner with Wi-Fi connectivity. Equipped with user log-in features for greater levels of data security. Multiple devices can be managed from one computer.

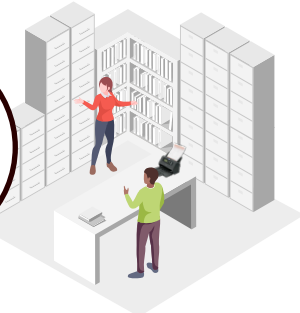

ScanFront 400 Customer Service Point

Fits on small counters with limited space. Scan in front of customers for on-boarding or ID checks.

CR-M260 Distribution Warehouse

A high-performance and rugged scanner. Perfect for demanding environments.

P-215II On the road

Scan documents anywhere, anytime with compact, lightweight design and plug'n play batch scanning.

DR-G2140/2110 Back Office / CRD Mailroom

Volume scanning provides the high productivity needed in the back office. The DR-G2140/2110 drastically reduces the time required for scanning and processing.
